NEC's covered bridge spans the Contoocook River, which runs alongside the campus.

Discover Our New England College Community

I want to thank you for considering New England College as you explore furthering your education. We understand that choosing a college can be a difficult decision, and we're honored to be among the schools you are evaluating.

This guide will introduce you to NEC's program offerings and supportive online learning environment. As you explore what we have to offer, you'll find that guidance infuses everything we do. From our personalized admissions process to our collaborative online classrooms, you will experience individualized attention and a support system that is second to none.

At NEC, you'll build a foundation of liberal arts and sciences knowledge and gain the skills to succeed in the competitive job market. Through our curricula that highlight civic engagement and social responsibility, we challenge students to transform themselves and the world.

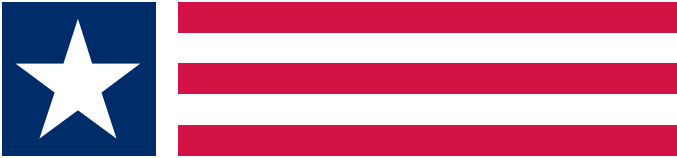

Although no campus attendance is required, as an online student you will be part of the NEC community as much as any other student and are welcome to visit the campus and walk in the commencement ceremony.

I encourage you to speak with one of our enrollment services representatives to learn more. They can help you determine if NEC is a good fit for you and answer any remaining questions.

Again, thank you for your interest in New England College. We look forward to welcoming you to an online classroom soon!

Nelly

Dr. Nelly Lejter
Dean of Graduate and Professional Studies
New England College

A History of Service and Support

New England College traces its roots to 1946, a time when service men and women returning home from World War II were eager to get their college education with the help of the new GI Bill®. Academic visionary and entrepreneur Boone Tillet chose Henniker, New Hampshire as the perfect site for a new college dedicated to educating these veterans.

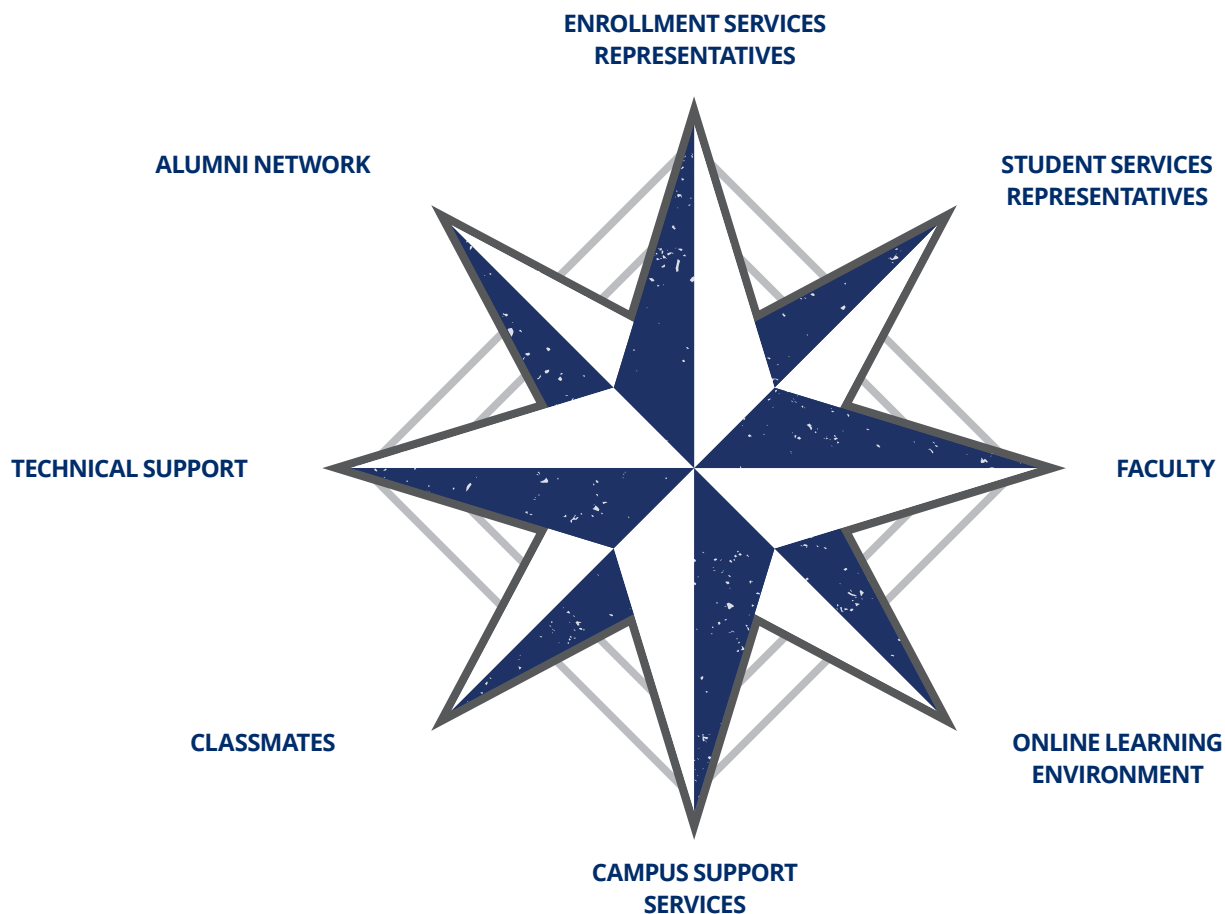

Three years later, enrollment at NEC had more than quadrupled. Our growth continued for the next 60 years as the college attracted students from all walks of life. In response to this rapid influx, the college added new programs, faculty and campus facilities.

From WWII GIs to today's students, NEC has guided and inspired thousands to earn their degree and reach their professional and personal goals. Building upon its educational mission, NEC has now evolved to reach an even greater number of people looking for a new start. Through a collaboration with University Alliance, a division of Bisk Education, Inc., NEC has expanded its creative and supportive learning community to include degree programs online.

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government web site at www.benefits.va.gov/gibill.

Did You Know?

The highest point on campus, the NEC weathervane stands as an enduring symbol of the direction and guidance NEC provides to its students.

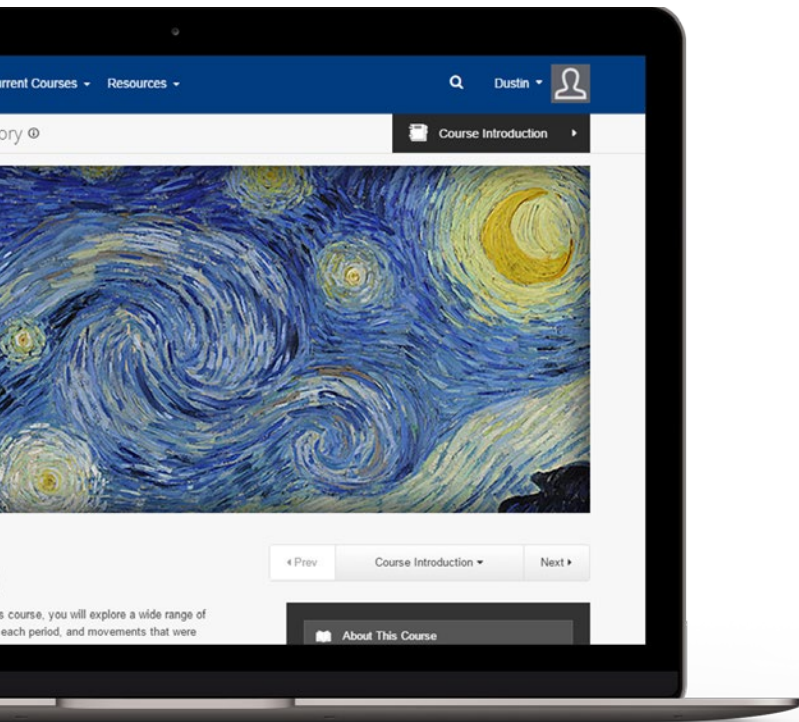

Guidance Everywhere You Look

We understand the unique challenges adult learners face. At NEC, you'll experience support that exceeds your expectations from application to graduation. Whether you're just starting out or starting over, we're committed to helping you manage the demands of your busy schedule and providing the tools you'll need to achieve academic success.

From the moment you first connect with NEC, you'll receive guidance and support through a number of touch points.

- ENROLLMENT SERVICES REPRESENTATIVES
- STUDENT SERVICES REPRESENTATIVES

- ONLINE LEARNING ENVIRONMENT
- CAMPUS SUPPORT SERVICES
- CLASSMATES
- TECHNICAL SUPPORT
- ALUMNI NETWORK

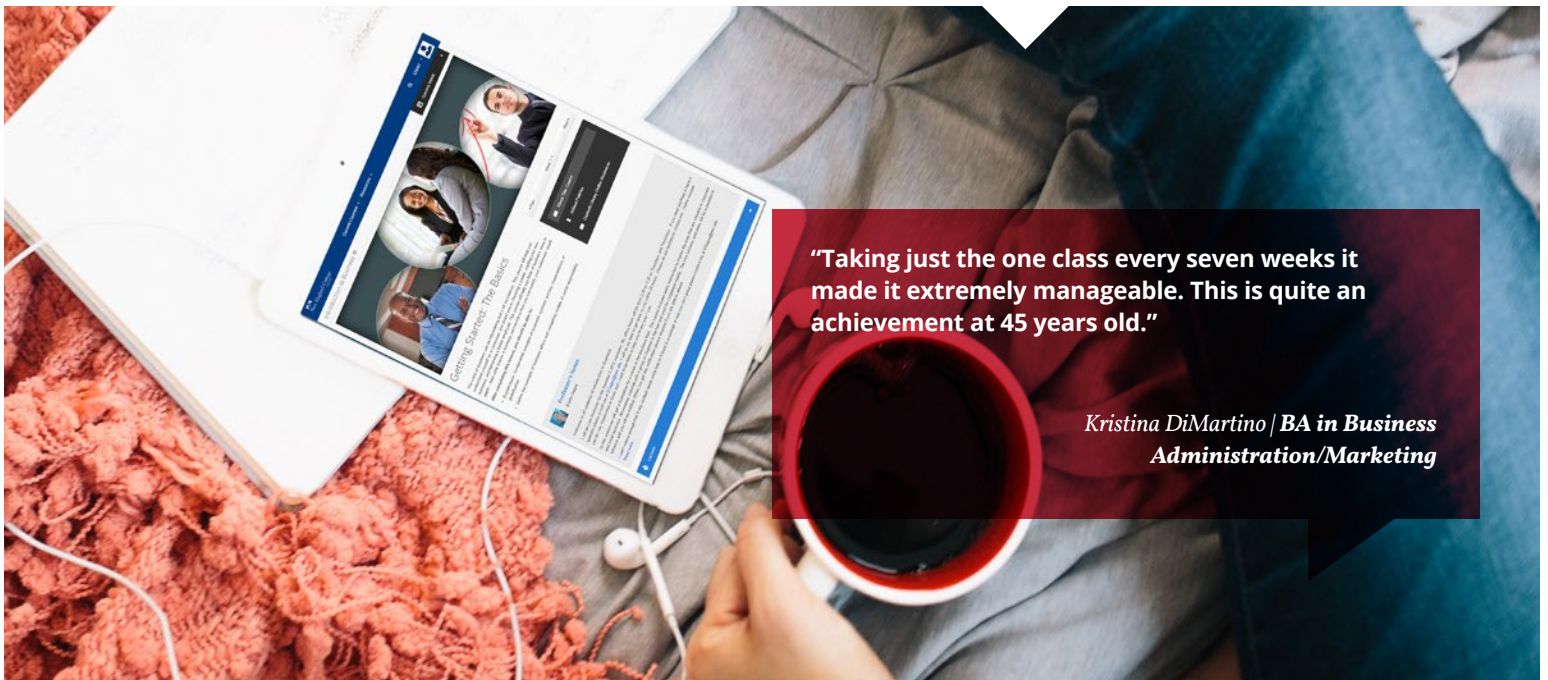

A Collaborative Online Environment

Students in our online undergraduate degree programs are immersed in an open, inviting learning environment where they are part of a larger academic community. Through the technology and support services of University Alliance, these programs offer an opportunity to experience the same comprehensive, high-quality academics and student-focused approach to education as traditional on-campus students. Plus, you'll have the opportunity to receive your diploma in person at the campus graduation ceremony.

The only difference lies in the programs' delivery. The online classroom provides 24/7 access to your courses with no specified login times required, allowing you to study wherever and whenever you choose, using your desktop or mobile device. While you're online, enjoy instructor-led videos that can be streamed or downloaded, real-time collaboration with classmates, one-on-one faculty attention and much more. In short, it's a full classroom experience – just online!

Want to try out the online classroom?

"Taking just the one class every seven weeks it made it extremely manageable. This is quite an achievement at 45 years old."

Kristina DiMartino | BA in Business Administration/Marketing

Student Spotlights

Crystal Hunter, BS in Healthcare Administration

"The NEC instructors are so personable, it's like family. They actually care about you. They take the time to call you and they were always willing to work with me. I actually went to another institution before I came to NEC and always felt like I was a rat in a maze ... like people didn't care about my goals and making sure I reached them. But with NEC, I always felt like everyone was willing to go the extra mile."

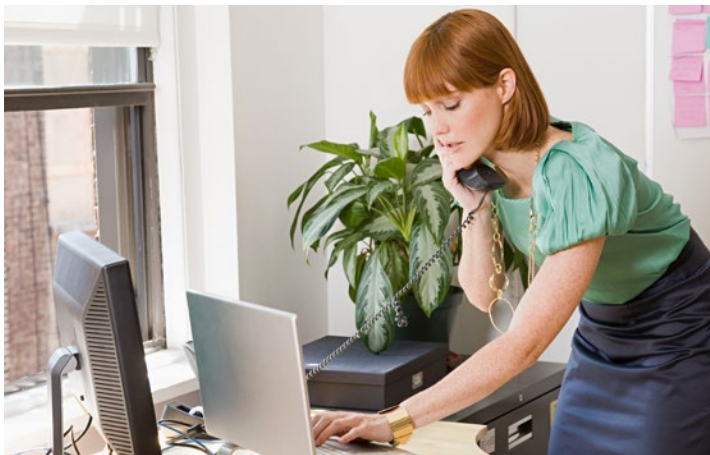

Betti Schlagel, AA in Business Administration

"In my experience with NEC, the faculty were pretty amazing. Anytime I had a question or needed help, my professors always responded in a timely fashion. I mostly did my classes at night after work so the next day I always had an answer in my email. I had a lot of support as they helped in many ways, referring me to resources like different websites and links to further my education – more than just the textbook."

Cameron Grant, BS in Healthcare Administration

"The support offered by NEC, coupled with the support system that I have at home, is really what made me successful as an online student. My advisor was very good at communicating and she was very in tune to my idiosyncrasies as a student. I am very much a 'type A' personality. And I need to have control over my own life at all times, so she was very good about getting me enrolled in my next class so I could plan."

Programs Designed for Busy Lives

We understand your need for undergraduate programs that allow you to maintain a balance with your work and family life. At NEC, you can make study time manageable through convenient 24/7 classroom access and the flexibility to enroll in one class at a time. We offer a variety of associate's and bachelor's degrees in these sought-after disciplines:

- Accounting
- Business Administration
- Criminal Justice
- Healthcare Administration
- Human Services
- Liberal Arts
- Psychology
- Sociology

Programs are added regularly. Visit NewEnglandCollegeOnline.com for the most up-to-date list.

NEC's Devoted Faculty

Learn from the same highly qualified faculty who teach on campus, as well as adjunct faculty experts from around the country, all of whom truly understand the unique needs of adult learners. The faculty's mission is to offer students innovative educational opportunities, foster personalized education and develop lifelong learners who make meaningful contributions to their professions and communities.

The faculty is committed to NEC's liberal arts foundation, which provides students with a basis in the liberal arts and sciences that gives their education depth and breadth and prepares them to assume mature, responsible and capable roles as global citizens.

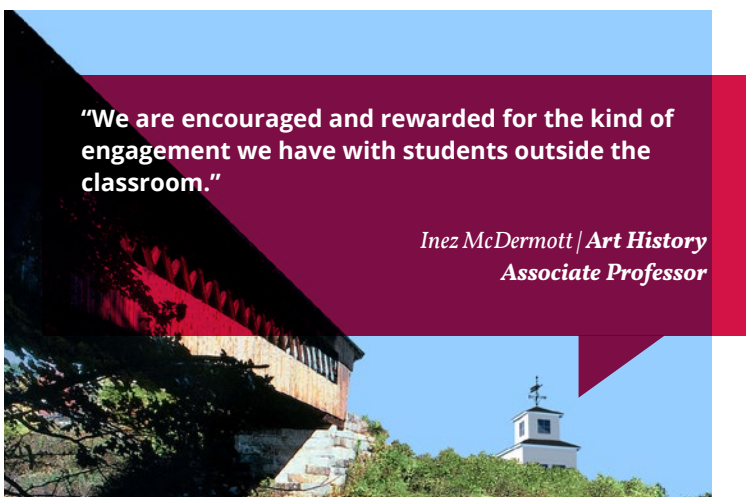

We Make Transferring Easy

At NEC, we value the credits and experience you've already earned.

- Transfer up to 30 credits toward your AA/AS, or up to 90 credits toward your BA/BS.
- Life experience credits may be granted based on previous work/life experiences.¹
- Students in good academic standing with an accredited community college will be granted automatic acceptance through our CC2NEC program (see page 9 for details).

¹Each prospective student situation will be evaluated individually to determine eligibility.

Tuition

Investing in your education is investing in your future. NEC strives to make education affordable by keeping tuition costs competitive.

Associate's tuition (60 credit hours):
\$24,300*

Bachelor's tuition (120 credit hours):
\$48,600*

Cost per credit hour: \$405

Course total: \$1,620

Financial Aid

No one should be denied a quality education due to finances. We're committed to helping students from all economic backgrounds meet their educational objectives and want you to know that financial aid may be available. We encourage you to explore your options. An enrollment services representative will be happy to help you select the option that best suits your needs and assist you in enrolling.

Ways to Pay for Your Education

FEDERAL STUDENT AID

To determine your eligibility for federal student aid, complete the Free Application for Federal Student Aid (FAFSA) available at www.fafsa.ed.gov. The FAFSA is used to apply for federal student aid, including grants, loans and work-study.

FEDERAL DIRECT LOANS

Federal Direct Loans must be repaid and are available to undergraduate students. If you qualify (based on need) for a Direct Subsidized Loan, the government will pay the interest on your loan while you are in school.

FEDERAL PLUS LOANS

Federal PLUS Loans are unsubsidized loans made to parents. If you are independent or your parents cannot get a PLUS loan, you may be eligible to borrow additional Direct Unsubsidized Loan funds.

FEDERAL PELL GRANTS

Federal Pell Grants are available to undergraduate students. They do not have to be repaid. Visit the [Financial Aid Federal Pell Grant](#) page for this year's maximum award amount.

CORPORATE TUITION ASSISTANCE

Recognizing the need for employees to enhance their skills and advance their education, many employers provide tuition assistance benefits. These benefits may not only cover tuition, but sometimes also cover fees, textbooks and other materials. Contact an enrollment services representative today to see if your company is one of the many already financing their employees' education.

INTEREST-FREE PAYMENT PLANS

There are several interest-free payment options available that separate tuition fees into three payments over each session. Contact us to determine which of these flexible options fits you best. We accept all major credit cards.

ALTERNATIVE STUDENT LOANS

New England College realizes that paying for higher education is a significant financial commitment. Many financial institutions offer commercial private education loan products that can supplement other financial aid to help you successfully manage college costs. Ask your enrollment services representative for information.

Did You Know?

- Most financial aid applicants qualify for the loans they request.
- Federal student aid may cover all of your academic expenses.
- Military servicemembers, veterans, their spouses and dependents receive special pricing.

9 out of 10

NEC students who apply for financial assistance qualify for some form of financial aid

Based on a recent survey by the Student Financial Services office.

"I chose NEC because a lot of my credits were transferring over from my previous college experiences. I had less time to finish than the average student coming in . . . so it just made my choice that much easier to come to NEC."

Anthony Iannino / BS in Healthcare Administration

** Textbooks not included. Total tuition price may vary depending on final transcript review.*

Note: The college reserves the right to change any provisions or requirements. Books and materials are additional. Shipping charges for course materials are not included. Prices are subject to change without notice or obligation. The current New England College Academic Catalog is your official guide to all programs. Your tuition cost may be tax deductible. Contact your tax advisor for more information.

Accounting

There are a variety of opportunities in the public and private sectors for skilled accounting professionals, and demand in the industry is climbing. Cultivate professional, analytical and critical thinking skills, while preparing for a multitude of paths, from tax examiner to actuary to budget analyst.

- AS Accounting
- BS Accounting

Business Administration

Master the communication, decision-making and leadership skills essential in today's evolving marketplace. With a comprehensive mix of business and liberal arts courses, students learn to embrace differences, adapt to change and bring strategic direction to all types of organizations.

- AA Business Administration
- BA Business Administration with optional concentrations in:
 - Accounting
 - Computer Science
 - Management
 - Marketing

Criminal Justice

For students preparing for career advancement in law, law enforcement, corrections, social services or the justice system, these programs emphasize a multi-disciplinary and experiential approach to crime, justice and the reduction of violence.

- AA Criminal Justice
- BA Criminal Justice

Healthcare Administration

Many services traditionally available in hospitals are shifting to the offices of health practitioners. Whether you see yourself working in a large hospital, small clinic or somewhere in between, prepare for a rewarding career by learning to manage a healthcare organization's short-term goals and long-term strategy.

- AS Healthcare Administration
- BS Healthcare Administration

Human Services

Learn to assist those who need a helping hand to meet basic needs or enjoy a higher quality of life, including the developmentally disabled, the elderly, immigrants and refugees, substance abusers, and crime victims and offenders. Students who are passionate about helping others will build a solid foundation to help people and communities in crisis.

- AS Human Services
- BS Human Services

Liberal Arts

Get an education that isn't limited to one specific discipline. Explore subjects such as humanities, history, philosophy, art, literature, economics, science and math. Students develop skills in reading, writing, researching, communication, problem solving and critical thinking—skills that you can apply to many diverse careers.

- AA Liberal Studies
- BA Humanities
- BS Social Sciences

Psychology

When it comes to making a lasting difference in people's lives, few fields offer more opportunities than psychology. From case managers and community service managers to rehabilitation specialists and psychiatric technicians, a variety of careers await those who hold this degree.

- AA Psychology
- BA Psychology with optional concentrations in:
 - Clinical Psychology
 - Criminal Justice
 - Developmental Psychology

Sociology

Investigate the structure of groups, organizations and societies and how people interact within these contexts. This can include a family unit, hostile mob, organized crime, religious cults and divisions of race, gender and social class. Gain a broad knowledge of social issues and prepare for fields working with diverse populations.

- AA Sociology
- BA Sociology

AA = Associate of Arts, AS = Associate of Science, BA = Bachelor of Arts, BS = Bachelor of Science

Community College Students Are Welcome!

To meet the needs of a growing student population and make higher education more accessible, NEC created the Community College to New England College (CC2NEC) program. If you have attended or if you are attending an accredited community college and are currently in good standing, you are automatically accepted to New England College.

The CC2NEC program's benefits also include:

- The opportunity to transfer up to 90 credits toward a bachelor's degree
- Guidance affording you an easy transition
- A variety of excellent degree programs online
- Enrollment in NEC's Honors program (if eligible)
- Affordable tuition that helps you fit education into your budget

Our Long-Standing Tradition of Military Support

NEC maintains its founding mission of proudly welcoming students with military service. We provide all the financial guidance necessary to help you take full advantage of your military education benefits and special tuition rates to further reduce the cost of education.

ACTIVE DUTY

- At \$187.50 per credit hour, active-duty² servicemembers enjoy over 50% savings on tuition, which falls well within your \$250 per credit hour TA cap.
- We also evaluate Joint Service Transcripts, DANTES and NCCRS credits, which can possibly be applied as college credit, thereby reducing time to degree completion.
- Temporary duty assignments are no problem, since you can exit and re-enter online programs with no penalties.

VETERANS

- NEC offers veterans special military savings of 10% on undergraduate tuition.
- We also evaluate Joint Service Transcripts, DANTES and NCCRS credits, which can possibly be applied as college credit, thereby reducing time to degree completion.
- Non-activated Reservists and Guardsmen receive a flat rate of \$1,000 per course.

SPOUSES AND DEPENDENTS

- Active-duty spouses and dependents receive the same military tuition rate as servicemembers – only \$187.50 per credit hour!
- Spouses and dependents of disabled or deceased veterans receive an exclusive 10% savings on undergraduate tuition.
- NEC also participates in the My Career Advancement Account (MyCAA) Scholarship Program, which provides up to \$4,000 in financial assistance to eligible military spouses.

²Reservists and Guardsmen are eligible if activated.

Corporate Training

New England College is pleased to offer degree programs online in support of a globally mobile workforce through University Alliance, a division of Bisk Education, Inc.

A well-educated workforce equals corporate success. Along with saving your company valuable time and money, you'll provide your employees the opportunity to learn the necessary skills to lead improvement initiatives that result in measurable sales growth, economic value, customer satisfaction and retention, and employee satisfaction and motivation.

100% ONLINE FOR MAXIMUM CONVENIENCE

Through state-of-the-art interactive delivery, you'll provide your employees with a unique online learning experience that's proven to increase learning outcomes. University faculty transform their classroom curricula into dynamic online presentations that employees can view online, anywhere in the world, 24/7.

This convenient online learning format allows employees to maintain their full-time jobs while enjoying the same quality of education as campus-based students—without the time and expense of commuting to campus.

Contact us today to unleash the power of your organization.
